

## Target areas for best practice exemplars

The following are areas that will be explored with a view to identifying and documenting exemplars:

### WP4 Disabilities

1. Classification system for disabilities
2. Institutional models of adjustments
3. Standard adjustments
4. How to maintain adjustments aligned with changes
5. Placements and Work Experience

### Governance/Policy

1. New programme creation process
2. Learning outcomes
3. Programme change management process to maintain alignment with industry needs
4. Industry engagement
5. Exchange agreement process for disabled students
6. Information management system for disabled students undertaking exchanges
7. Advice and guidance for students and academics for disabled students undertaking exchanges
